Belonging Together

This retreat examines the importance of what it means for young people to also be relational and connectional in our churches. It is designed to lift up our young people and recognize that they are indeed gifts to the church. In a world of separation, division, and strife, "Belonging Together" seeks to demonstrate as people of God we have a true calling to address division, exclusion, and all that goes against the love of Jesus Christ in our world. This retreat with its emphasis on belonging also examines why our faith and the things of our faith are important in building relationships and being truly faithful to the Gospel message of justice, peace, and hope.
